Fourways, Gauteng, South Africa, 2191 

I am a high-performing Full Stack Web Developer who brings an analytical mindset, strong technical knowledge and understanding, and a strong work ethic in a fast-paced environment. I have broad experience across a range of sectors for local and international brands working for leading agencies. I work closely with UX/UI designers, IT teams, marketing, and strategy teams to produce functional and award-winning sites and functionality.

EXPERTISE

- HTML5
- CSS3 / SASS
- JavaScript
- Bootstrap
- PHP
- MySQL
- MSSQL
- CodeIgniter
- Laravel
- WordPress
- Apache HTTPD
- Linux Administration

PROFESSIONAL EXPERIENCE

Joe Public Connect
Senior Web Developer

January 2018 to Present

I function as a skilled resource and consultant for digital creativity for the broader agency. I develop or enhance a variety of diverse and wide-ranging digital projects, or evaluate projects to identify the optimal technical solutions. I deliver robust client-side applications in a fast-paced, quick-turnaround environment.

The following are some of the highlights of the value I achieved in this position:

- 2019 Loeries Finalist (Digital Communication: Website or Microsite)
- 2019 New Gen Awards - Silver (Best Corporate Website)
- 2019 Assagai Awards - Bronze (UX, Interface and Navigation Design)
